### SERVICE OPTION

Phoenix Measurement Solutions understands that some service/repairs can keep you out of work, so we are willing to apply a 50% discount on all rentals that come with a service or repair on an item of equal value.

### PURCHASING OPTIONS

Due to fluctuating exchange rates, the purchase price of the equipment is based on the age of the rental and the value of new equipment at the time the rental purchase option is executed.

- If purchased within 30 days of start of rental: 100% of total accumulated rental applied to purchase price.
- If purchased within 31 to 90 days of rental: 80% of total accumulated rental applied to purchase price.
- If purchased after 90 days of rental: 75% of total accumulated rental applied to purchase price.

Notes: Rental credit is only applied towards the equipment on rent. Phoenix Measurement Solutions cannot apply the rental towards different equipment other than what is listed on the rental contract. Rental out and in dates on contract are used for any date calculations. Accessories listed in rental packages may not be accurate and are subject to change. Minimum 5-day rental on all survey, GNSS, and construction equipment.
